WAS DOING HIM.**The "Hold-Up" Man, Coffee.**

Few people know how many persons are made sick and kept sick by coffee drinking. A trained nurse relates her experience with a number of different persons. She says: "Quite a long time ago I discovered that coffee was the cause of the violent palpitation of my heart and frequent sick headaches, and attacks of indigestion, so I quit coffee and went onto hot water, not knowing then of Postum Food Coffee.

Quite a while after I quit coffee my husband began to complain of coffee coming up in his mouth more or less during the forenoon, and it made it very disagreeable for him. One day I said, 'Suppose we try that Postum Food Coffee which is advertised so much.' So we did and I prepared it according to directions. The beverage proved delicious and we liked it so much and it agreed with us so well we have used it for over two years now.

My palpitation of the heart, headaches and indigestion have gone altogether. It is very easy to make by boiling 15 or 20 minutes with a small piece of butter put in the pot to prevent it boiling over.

My cousin, who is a telegraph operator, had nervous dyspepsia, having to stay from work every few days. He gave up the use of coffee and commenced using Postum, and since that time he has not been troubled with dyspepsia.

One woman told me she had suffered with indigestion for three years. She drank nothing but tea. I made Postum for her and showed her how to make it. She liked it and now uses it to her family regularly and is well and happy.

I could name a dozen or more similar cases." M. N. Clark, 322 Ogden ave., Chicago, Ill.

BONES**And Tambos Again Forward.****Minstrel Performance at St. Vincent's Hall.****Some of Akron's Best Entertainers Will Appear.**

A minstrel show, probably the last in the city for the season, will be given at St. Vincent's school hall, Tuesday evening, May 13, by the young men of St. Vincent's church. This is not the first affair of the kind that has been given by these young men, and they have made excellent reputations for themselves as funmakers and sweet singers in other years. There has been plenty of good, hard work at rehearsals, and the results will be seen at the performance.

John Nelson and Dan McGarry, who will be end men, are well known in local minstrel affairs, and their presence alone would doubtless draw a crowd. They have new jokes and songs and are said to be funnier than ever.

E. A. Upham, who needs no introduction, as a tenor, and Mr. Glenwood A. White, one of Akron's best young baritone, will sing in the first part, and Mr. James Duffy will be interlocutor. A chorus of 25 trained voices will sing.

Among those who will appear in the olio are the Summit City quartet, Master Freddie Coffin, the boy soprano; Harry Stephens, in original sketch with buck and wing dancing; Dan McGarry in monologue, and Lawrence Whalen, in clog dancing. The show will end with an original sketch, "An Episode in Police Circles," introducing a burlesque on the popular Florodora song, "Tell Me Pretty Maiden."

Keep Your Head Clear.
You are not fit for hard work so long as your head aches and you have spells of dizziness. Your ailments result from indigestion, constipation or biliousness. Regulate your digestion with the best remedy for all diseases of the stomach or the liver, "St. Bernard Vegetable Pills." They contain no poisonous ingredients whatever, being compounded from pure vegetable substances obtained from wholesome Alpine herbs conscientiously picked. All drug stores sell them.

HOW ABOUT THAT ALLIGATOR?**Has Never Been Seen Since It Got Into Silver Lake.**

What has become of the alligator that escaped from the small mud pond, near the entrance of Silver Lake park? It has never been seen since it escaped, and the inference naturally is that the "beute" got into Silver Lake. This particular alligator was three feet long, and especially frisky. Its escape was made more than a year ago. It is believed that silver Lake is too cold for alligators, especially during the winter, and it is presumed that the escaped pet has long since been dead.

A GO.**Pottery Trust Will be Formed.****Plans Perfected by Chicago Promoters.**

East Liverpool, O., May 8.—The Consolidated Company of Potteries is likely to be the name of the new combination of potteries which is about to be formed in this city by James G. Trainer and Harry L. Irwin of Chicago. Wednesday the manufacturers received the official proposition from these Chicago promoters which will be acted upon at a meeting of the local manufacturers that is expected to be held in this city within a fortnight. For their work of forming a combination these gentlemen are to receive the large sum of 10 per cent. of the capital stock in the new company. They are to be paid in stock and bonds, and even this is said to be a small figure for their services. During their visits to this city these promoters have been received with open hands, and not one manufacturer has argued against the forming of a "trust" or combination, which is to include not less than 80 per cent. of all the potteries west of the Allegheny mountains.

The new company is to be formed under the laws of New Jersey and will be for the purpose of manufacturing and selling of pottery. The corporations entering the combination are to set over all their stock, property and assets of every nature and description, including good will, bodies and glazes

Exhaustion of Nerve Force Is Common in Springtime.**Paine's Celery Compound****Banishes Nervous Prostration, Hysteria, and Sleeplessness.**

Any intelligent man or woman can easily detect victims of nervous troubles by taking a ten minute walk on any of the crowded streets of our cities or towns. The observer will note countenances full of feverish anxiety, harrassed looks, unsteady hands, faltering steps, twitching muscles, pallid faces, and startled, anxious looks when unusual noises are made. Such people are, without doubt, victims of nervous prostration, hysteria, or insomnia. The whole system suffers—the brain, the spinal cord, and the sympathetic system.

It is unnecessary to dilate minutely on the causes of nervousness. Business cares and disappointments, haste after riches and honors, social and household worries, sexual and alcoholic excesses, watching and anxiety, and loss of near and dear ones, all contribute to the breaking down of the nervous organism of men and women.

In earnest words we set before this afflicted class the truth that Paine's Celery Compound affords a speedy and sure cure for all forms of nervous diseases. The great medicine is a perfect restorer of nerve force and power; a sure builder and strengthener of the weak and debilitated system.

Paine's Celery Compound has enabled thousands in every city and town of our land to renew and invigorate their health and keep their places in business and society. In all large centers where nervous diseases are common, the best physicians prescribe Paine's Celery Compound with continued success.

A few bottles of nature's health restorer used during the month of May will completely banish all nervous disorders, by giving new nerve force, purer blood, better digestion, normal appetite, and refreshing sleep. In a word, Paine's Celery Compound will give you the full powers of robust man, hood and true womanhood.

MRS. STOWE**Approved This Version of Uncle Tom's Cabin.**

The version of "Uncle Tom's Cabin" interpreted by Stetson's "Uncle Tom's Cabin" company, which will exhibit at the Colonial theatre next Saturday, both afternoon and evening, has the special approval of Mrs. Harriet Beecher Stowe, the immortal authoress of that world-famed drama, from the fact of Manager Stetson's adherence to the original text, which is a complete deviation from the custom of other Uncle Tom managers, who interpolate so many attempted gags, stale jokes and vulgar witticisms into their rendition that scarcely a vestige is left of the never-to-be-forgotten work. Aside from the great worth of the company, every act will be presented with new and elaborate scenery, painted by the master scenic artists of the world. The excellent company's two comical Toodles, two ludicrous Markas, the elegant scenery, the novel mechanical effects, the gorgeous bloodhounds, two brass bands and the celebrated Lone Star Quartette will all unite in making the engagement a most notable one. Seats are now on sale at popular prices.

Like a Drowning Man.

"Five years ago a disease the doctors called dyspepsia took such a hold of me that I could scarcely go," writes Geo. S. Marsh, well known attorney of Nocona, Tex. "I took quantities of pepsin and other medicines but nothing helped me. As a drowning man grabs at a straw I grabbed at Kodol. I felt an improvement at once and after a few bottles am sound and well." Kodol is the only preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and cures any form of stomach trouble.
